Air Quality Forecast for the UK

Issued by the Met Office

Today: Levels of air pollution are expected to remain predominantly Low across the UK on Thursday. However, some isolated pockets of Moderate air pollution may persist across the Northern Isles and along the coasts of Northern Scotland.

Tomorrow: Similarly, on Friday air pollution levels will continue at Low levels for the majority of the UK. Isolated areas of Moderate air pollution should again be expected for Orkney and Shetland, as well as for the north coast of Scotland.

Outlook: Low levels of air pollution are forecast from Saturday until Monday. There is a continuing risk of locally Moderate levels for some coastal areas of northern Scotland and the Northern Isles.
